

Shacman X3000 Tractor Truck Euro 5 For Your Transportation Efficiency Touch Screen None

Our Product Introduction

Basic Information

- Brand Name: Shacman Tractor Truck
- Model Number: X3000
- Minimum Order Quantity: 1
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Condition: New
- Horsepower: 351 - 450hp
- Emission Standard: Euro
- Fuel Type: Diesel
- Gear Box Brand: FAST
- Size: 6500*2500*3200
- Gross Vehicle Weight: 25000 Kg
- Fuel Tank Capacity: 400-500L
- Tire Number: 10
- Product Name: SHACMAN Tractor 6X4 4X2
- Brand: Shacman China
- Engine: Weichai WP12.430E201
- Tire: 12R22.5
- Driving Type: 6*4 4*2 Left/Right Hand Driving
- Highlight: **x3000 shacman tractor,**

Product Description

We offer both new and second-hand trucks tailored to meet your specific transportation needs. Simply let us know your requirements, and we will customize tractors with various loading capacities, volumes, and colors. The right truck can significantly enhance your efficiency and productivity.

Product Description of Shacman Tractor Truck:

Our tractors are designed for towing and pushing heavy trailers. They are equipped with high-power diesel engines and feature mechanical or hydraulic transmissions with high-speed ratios and main reducers. Some models also include wheel-side reduction devices to decrease speed and boost traction.

Compared to other tractors, SHACMAN tractors excel in efficiency, economy, safety, comfort, and intelligent network integration. These tractors are designed for high efficiency and low fuel consumption, offering intelligent and comfortable operation. They are equipped with engines ranging from 10L to 13L, four-point airbag shock absorbers, Grammer air seats, and double-sealed noise reduction designs.

The vehicle bodies are automatically welded by robots from the world's leading ABB company, achieving a 100% automation rate in main welding processes. This ensures high welding accuracy, evenly distributed solder joints, and eliminates issues such as de-soldering and false welding. As a result, the tractors maintain their structural integrity even under harsh conditions and resist impacts effectively.

Our tractors also feature aluminum alloy three-stage pedals with pedal lights and slip protection. The use of polyester materials significantly reduces cab noise and enhances insulation qualities.

Product Application of Shacman Tractor Truck :

The Container Tractor Truck's cab top has undergone rigorous pressure resistance testing, ensuring excellent safety performance and superior product quality. The cab features thickened steel plates and side door crash beams, significantly enhancing passive safety. This tractor truck not only meets basic transportation needs but is also capable of handling more complex tasks.

Product Features of Shacman Tractor Truck:

Product Name	Shacman 4X2/6X4 Tractor Truck
Wheelbase	3350 mm
Engine Model	WEICHAI WP12.430E201
Horsepower	351-450 horsepower
Front Axle	7100kg
Oil Tanker Capacity	400-500L
Tyre	12R22.5
Colour	As customer's request
Capacity (load)	31-40 ton
Provide After-sales Service	Video technical support, online support

▲ Please note that the values in the configuration table are subject to change and are provided for reference only. Some configurations may not be technically feasible when combined. For assistance in selecting the right specifications for your needs, please contact your local sales representative.
