## Product Description

The SHACMAN tractor excels in robust towing and pushing of heavy trailers, powered by a high-capacity diesel engine and available with mechanical or hydraulic transmissions featuring high-speed ratios and main reducers. Some models also include wheel-side reduction devices for enhanced traction control.

### Product Description OF Shacman Tractor Truck:

The SHACMAN tractor is engineered for heavy-duty tasks, designed to efficiently tow and push heavy trailers. It features a robust diesel engine and offers either mechanical or hydraulic transmissions with a high-speed ratio and main reducer. Selected models are equipped with wheel-side reduction devices for superior traction control. Setting benchmarks in efficiency, safety, comfort, and smart network integration, SHACMAN tractors are distinguished by their exceptional fuel efficiency and intelligent design, powered by engines ranging from 10L to 13L. Inside the cabin, operators enjoy advanced features such as four-point airbag shock absorption, Grammer air seats for ergonomic support, and cutting-edge noise reduction technology including double seals. Manufactured with precision and durability, SHACMAN tractors undergo 100% robotic welding by ABB systems, ensuring unparalleled welding accuracy and uniform joints that guarantee structural integrity and impact resistance in challenging environments. Further enhancing safety and convenience, SHACMAN tractors come equipped with aluminum alloy three-stage pedals featuring pedal lights and slip-protection. The cabin's polyester materials effectively reduce noise levels while improving insulation, creating a quieter and more comfortable environment for operators.

### Product Application OF Shacman Tractor Truck :

The cab roof of the Container Tractor Truck has undergone rigorous pressure resistance testing, demonstrating excellent safety performance and ensuring high product quality. Enhanced with thickened cab steel plates and side door crash beams, it significantly improves cab passive safety. This truck is well-suited for basic transportation needs and capable of handling challenging tasks.
