Product Description

New Shacman Truck F3000 10 Wheels 6X4 Heavy Duty Trailer Head Tractor Truck

Zhengzhou Hongyang Automobile Sales Company takes great pride in being the authorized dealer for Shaanxi Automobile, serving customers in both domestic and overseas markets. As a trusted and long-standing partner, we have formed a strong strategic cooperative relationship with Shaanxi Automobile that spans over a decade.

At Zhengzhou Hongyang, we are dedicated to delivering excellence in all aspects of our operations. To provide unparalleled convenience and service to our valued customers, we have established four modern 4S display stores in strategic locations across Henan. These stores can be found in Zhengzhou, Shangqiu, Hebi, and Nanyang, ensuring easy accessibility and exceptional customer service.

Product Description OF Shacman Tractor Truck:

The SHACMAN tractor is designed for towing and pushing heavy trailers, featuring a robust diesel engine and equipped with either mechanical or hydraulic transmission, offering a high-speed ratio and main reducer. Some models also include wheel side reduction devices for enhanced traction control.

Compared to competitors, SHACMAN tractors excel in efficiency, safety, comfort, and intelligent network integration. They feature high efficiency, low fuel consumption, and intelligent design, with engine options ranging from 10L to 13L. The cabins are equipped with four-point airbag shock absorption, Grammer air seats, and advanced noise reduction technology.

Manufactured with precision, the vehicle bodies are robotically welded by ABB, ensuring a 100% automation rate with precise welding and even distribution of solder joints. This process guarantees structural integrity and impact resistance in harsh environments.

Additionally, SHACMAN tractors feature aluminum alloy three-stage pedals with pedal lights and slip protection. The use of polyester materials in the cabin significantly reduces noise and improves insulation.

Product Application OF Shacman Tractor Truck :

The Container Tractor Truck's cab top has undergone strict pressure resistance test, with excellent safety performance and better guarantee in product quality. Its thickened cab steel plate and side door crash beam design effectively enhance the passive safety of the cab. This tractor truck can meet basic transportation needs and tackle some complicated tasks.

Product Features OF Shacman Tractor Truck:
