Product Description

There are both new and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description OF Shacman Tractor Truck:

high-end long-distance high-speed logistics delivery tractor, for long-distance rapid logistics, daily industrial products, container transport and other markets.

Main features: high efficiency, low fuel consumption, intelligent, comfortable, matching 10L,11L,12L,13L engine, four-point airbag shock absorption, grammer air seat, double seal and other noise reduction design.

The vehicle body is automatically welded by robots from the world's top ABB company. The main welding automation rate is 100%. The welding accuracy is high, the solder joints are distributed evenly, and there is no phenomenon such as desoldering and false welding. It can ensure that there will be no open welding deformation under harsh environments and impact resistance.

Product Application OF Shacman Tractor Truck :

The Container Tractor Truck's cab top has undergone strict pressure resistance test, with excellent safety performance and better guarantee in product quality. Its thickened cab steel plate and side door crash beam design effectively enhance the passive safety of the cab. This tractor truck can meet basic transportation needs and tackle some complicated tasks.
