

Top Choice Reliable Shacman Diesel X5000 Tractor Truck 6*4 left Driving WEICHAI engine

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Shacman
- Model Number: X5000
- Minimum Order Quantity: 1
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Condition: New
- Steering: Left
- Horsepower: 351 - 450hp
- Emission Standard: Euro -
- Segement: Heavy Truck
- Engine Brand: WEICHAI
- Fuel Type: Diesel
- Engine Capacity: > 8L
- Cylinders: 6
- Gear Box Brand: FAST
- Transmission Type: Manual
- Forward Shift Number: 10
- Reverse Shift Number: 2
- Maximum Torque(Nm): 1500-2000Nm
- Size: 6500*2500*3200

Product Description

Zhengzhou Hongyang Automobile Sales Company is Shaanxi Automobile's overseas & domestic authorized dealer, and we are also Shaanxi Automobile's domestic strategic cooperative dealer. Zhengzhou Hongyang has cooperated with Shaanxi Automobile for 11 years. There are four 4S display stores in Henan, respectively in Zhengzhou, Shangqiu, Hebi and Nanyang. We supply new trucks such as dump trucks, tractor trucks and Cargo trucks as well as various spare parts resources. The annual sales volume of Hongyang Automobile in central China exceeds 1,500 units. We have Weichai Power Center Warehouse covering the entire Henan Province, supplying Weichai engines and all accessories. Shacman Automobile was established in 1986 and is the only designated vehicle for the Chinese army. It is mainly used to transport military supplies, missiles and satellites.

Product Description of Shacman Tractor Truck:

The SHACMAN Tractor Truck is a premier choice for heavy-duty towing and pushing of large trailers. Designed with a high-capacity diesel engine, this tractor truck provides unparalleled power and efficiency. Available in both mechanical and hydraulic transmission options, it features high-speed ratios and main reducers to handle the most demanding tasks. Select models are equipped with wheel-side reduction devices, enhancing traction control and performance.

Key Features:

Powerful Engine Options: Choose from engines ranging from 10L to 13L, all designed for high efficiency and low fuel consumption.

Advanced Transmission: Both mechanical and hydraulic transmission options offer high-speed ratios and main reducers for optimal performance.

Enhanced Traction Control: Wheel-side reduction devices are available on certain models, providing superior control and stability.

Efficiency and Safety:

Fuel Efficiency: SHACMAN tractors are engineered for high efficiency and low fuel consumption, making them cost-effective for long-term use.

Safety Features: Aluminum alloy three-stage pedals with pedal lights and slip-protection enhance safety and convenience for operators.

Operator Comfort:

Comfortable Cabin: The cabin features four-point airbag shock absorption, Grammer air seats, and advanced noise reduction technologies, including double seals.

Quiet Environment: The use of polyester materials significantly reduces noise levels and improves insulation, ensuring a quieter and more comfortable ride.

Manufacturing Excellence:

Precision Welding: 100% automated robotic welding by ABB systems ensures precise welds and uniform joints, providing exceptional structural integrity and impact resistance.

Durability: Designed to withstand challenging environments, SHACMAN tractors maintain their structural integrity under the toughest conditions.

Additional Features:

Safety and Convenience: Aluminum alloy three-stage pedals with pedal lights and slip-protection enhance safety and operator convenience.

Noise Reduction: The use of polyester materials in the cabin significantly reduces noise levels and improves insulation. The SHACMAN Tractor Truck is an ideal solution for those seeking a powerful, efficient, and comfortable heavy-duty vehicle. Its advanced features and robust construction make it a leader in the industry, providing exceptional performance and reliability in every operation.

Product Application of Shacman Tractor Truck :

The SHACMAN tractor excels in robust towing and pushing of heavy trailers, powered by a high-capacity diesel engine and available with mechanical or hydraulic transmissions featuring high-speed ratios and main reducers. Some models also include wheel-side reduction devices for enhanced traction control.

Compared to competitors, SHACMAN tractors lead in efficiency, safety, comfort, and advanced network integration. They feature high efficiency and low fuel consumption, with engine choices ranging from 10L to 13L. Inside the cabin, operators benefit from four-point airbag shock absorption, Grammer air seats, and noise reduction technologies such as double seals. Manufactured with precision, SHACMAN tractors undergo 100% automated robotic welding by ABB systems, ensuring precise welds and uniform joints for exceptional structural integrity and impact resistance, even in challenging environments.

Additionally, SHACMAN tractors are equipped with practical features like aluminum alloy three-stage pedals with pedal lights and slip-protection for enhanced safety and convenience. The use of polyester materials in the cabin significantly reduces noise levels and improves insulation, providing a quieter and more comfortable environment for operators.

Product Features of Shacman Tractor Truck:

Product Name	Shacman 6X4 Tractor Truck
Wheelbase	3600mm
Engine Model	WEICHAI WP12.430E201
Horsepower	430 horsepower
Front Axle	7.5T
Oil Tanker Capacity	400L
Tyre	12R22.5
Colour	As customer's request
Capacity (load)	50~90T
