

## Reliable and Efficient Heavy-Duty Diesel Tractor Truck Shacman Left Driving X5000 Tractor

### Our Product Introduction

for more products please visit us on [chinadumptrucks.com](http://chinadumptrucks.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Shacman
- Model Number: X5000
- Minimum Order Quantity: 1
- Price: \$38,000.00/units  $\geq 1$  units
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability:  $\geq 100$  units

#### Product Specification

- Horsepower: 351 - 450hp
- Emission Standard: Euro -
- Segement: Heavy Truck
- Market Segement: Logistics Transportation
- Engine Brand: WEICHA
- Fuel Type: Diesel
- Maximum Torque(Nm): 1500-2000Nm
- Size: 6500\*2500\*3200
- Gross Vehicle Weight: 25000 Kg
- Capacity (Load): > 50T
- Fuel Tank Capacity: 400-500L
- Drive Wheel: 6x4 4x2
- Passengers: 2
- Driver's Seat: Air Suspension
- After-sales Service: Video Technical Support, Online Support,

## Product Description

Zhengzhou Hongyang Automobile Sales Company is Shaanxi Automobile's overseas & domestic authorized dealer, and we are also Shaanxi Automobile's domestic strategic cooperative dealer. Zhengzhou Hongyang has cooperated with Shaanxi Automobile for 11 years. There are four 4S display stores in Henan, respectively in Zhengzhou, Shangqiu, Hebi and Nanyang. Shacman Automobile was established in 1986 and is the only designated vehicle for the Chinese army. It is mainly used to transport military supplies, missiles and satellites.

The Weichai engine used by Shaanxi Automobile has the advantages of high durability, low fuel consumption, high power, stability and reliability, low noise, small vibration, and smooth operation. It is also equipped with a Fast gearbox, which has multiple gears and smooth shifting. Also it is matched with Hande axle, has a heavy load capacity and is cost-effective.

### Product Description O Shacman Tractor Truck:

#### Key Features:

**Powerful Engine Options:** Choose from engines ranging from 10L to 13L, all designed for high efficiency and low fuel consumption.

**Advanced Transmission:** Both mechanical and hydraulic transmission options offer high-speed ratios and main reducers for optimal performance.

**Enhanced Traction Control:** Wheel-side reduction devices are available on certain models, providing superior control and stability.

#### Efficiency and Safety:

**Fuel Efficiency:** SHACMAN tractors are engineered for high efficiency and low fuel consumption, making them cost-effective for long-term use.

**Safety Features:** Aluminum alloy three-stage pedals with pedal lights and slip-protection enhance safety and convenience for operators.

#### Operator Comfort:

**Comfortable Cabin:** The cabin features four-point airbag shock absorption, Grammer air seats, and advanced noise reduction technologies, including double seals.

**Quiet Environment:** The use of polyester materials significantly reduces noise levels and improves insulation, ensuring a quieter and more comfortable ride.

#### Manufacturing Excellence:

**Precision Welding:** 100% automated robotic welding by ABB systems ensures precise welds and uniform joints, providing exceptional structural integrity and impact resistance.

**Durability:** Designed to withstand challenging environments, SHACMAN tractors maintain their structural integrity under the toughest conditions.

#### Additional Features:

**Safety and Convenience:** Aluminum alloy three-stage pedals with pedal lights and slip-protection enhance safety and operator convenience.

**Noise Reduction:** The use of polyester materials in the cabin significantly reduces noise levels and improves insulation.

### Product Application of Shacman Tractor Truck :

The SHACMAN tractor stands out for its robust towing and pushing capabilities, powered by a high-capacity diesel engine. It offers both mechanical and hydraulic transmissions with high-speed ratios and main reducers. Some models are equipped with wheel-side reduction devices for improved traction control.

SHACMAN tractors surpass competitors in efficiency, safety, comfort, and advanced network integration. They boast high efficiency and low fuel consumption, with engine options ranging from 10L to 13L. The cabins are designed with operator comfort in mind, featuring four-point airbag shock absorption, Grammer air seats, and noise reduction technologies such as double seals.

Manufactured with precision, SHACMAN tractors utilize 100% automated robotic welding by ABB systems, ensuring precise welds and uniform joints. This results in exceptional structural integrity and impact resistance, even in challenging environments.

Additional features include aluminum alloy three-stage pedals with pedal lights and slip-protection for enhanced safety and convenience. The use of polyester materials in the cabin significantly reduces noise levels and improves insulation, creating a quieter and more comfortable environment for operators.

### Product Features of Shacman Tractor Truck:

Product Name	Shacman 4X2/6X4 Tractor Truck
Wheelbase	3600mm
Engine Model	WEICHAI WP12.430E201
Horsepower	430 horsepower
Front Axle	7.5T
Oil Tanker Capacity	400L
Tyre	12R22.5
Colour	As customer's request
Capacity (load)	50~90T
Provide After-sales Service	Video technical support, online support

▲ The values in the configuration table are subjected to change. The data in the configuration table are for reference only. Mix and matching some configurations may not be technically possible, please contact your local sales representative to help you choose the right specifications for your needs.
