## Product Description

### China Shacman X3000 Mining Truck Head Trailer Truck Good Price Tractor Truck

#### Product Description of Shacman Tractor Truck:

**High-Power Diesel Engine:** Tractors designed for heavy towing are equipped with high-power diesel engines. These engines provide the necessary torque and power to move heavy loads efficiently.

**Mechanical or Hydraulic Transmission:** The tractor is equipped with a mechanical or hydraulic transmission system. This system allows for the transfer of power from the engine to the wheels, enabling the tractor to move and control the trailers.

Compared with other tractors, SHACMAN tractors are more efficient economy,safety,comfort and intelligent network federation.

High efficiency, low fuel consumption, intelligent, comfortable, matching 10L,11L,12L,13L engine, four-point airbag shock absorption, grammer air seat, double seal and other noise reduction design.

The vehicle body is automatically welded by robots from the world's top ABB company. The main welding automation rate is 100%. The welding accuracy is high, the solder joints are distributed evenly, and there is no phenomenon such as de-soldering and false welding. It can ensure that there will be no open welding deformation under harsh environments and impact resistance.

Aluminum alloy three stage pedal equipped with pedal lights and slip-protection.

Application of polyester material can reduce cab noise greatly and increase insulation qualities.

#### Product Application of Shacman Tractor Truck :

The Shacman Container Tractor Truck is designed with safety and durability in mind. The cab top of the truck undergoes strict pressure resistance tests to ensure it can withstand various conditions and provide excellent safety performance. The use of thickened cab steel plates and side door crash beam design enhances the passive safety of the cab, providing better protection for the driver in the event of a collision.
