

Heavy Duty Truck Left Driving For Hauling 6*4 Shacman X5000 WEICHAI Engine

Our Product Introduction

for more products please visit us on chinadumptrucks.com

Basic Information

- Place of Origin: China
- Brand Name: Shacman
- Model Number: X5000
- Minimum Order Quantity: 1
- Price: \$38,000.00/units >=1 units
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥100 units

Product Specification

- Condition: New
- Steering: Left
- Horsepower: 351 - 450hp
- Emission Standard: Euro -
- Segement: Heavy Truck
- Market Segement: Logistics Transportation
- Engine Brand: WEICHAI
- Fuel Type: Diesel
- Engine Capacity: > 8L
- Cylinders: 6
- Gear Box Brand: FAST
- Transmission Type: Manual
- Maximum Torque(Nm): 1500-2000Nm
- Size: 6500*2500*3200
- Gross Vehicle Weight: 25000 Kq

Product Description

Zhengzhou Hongyang Automobile Sales Company is Shaanxi Automobile's overseas & domestic authorized dealer, and we are also Shaanxi Automobile's domestic strategic cooperative dealer. Zhengzhou Hongyang has cooperated with Shaanxi Automobile for 11 years. There are four 4S display stores in Henan, respectively in Zhengzhou, Shangqiu, Hebi and Nanyang.

Product Description of Shacman Tractor Truck:

The SHACMAN Tractor Truck is a premier choice for heavy-duty towing and pushing of large trailers. Designed with a high-capacity diesel engine, this tractor truck provides unparalleled power and efficiency. Available in both mechanical and hydraulic transmission options, it features high-speed ratios and main reducers to handle the most demanding tasks. Select models are equipped with wheel-side reduction devices, enhancing traction control and performance.

Key Features:

Powerful Engine Options: Choose from engines ranging from 10L to 13L, all designed for high efficiency and low fuel consumption.

Advanced Transmission: Both mechanical and hydraulic transmission options offer high-speed ratios and main reducers for optimal performance.

Enhanced Traction Control: Wheel-side reduction devices are available on certain models, providing superior control and stability.

Efficiency and Safety:

Fuel Efficiency: SHACMAN tractors are engineered for high efficiency and low fuel consumption, making them cost-effective for long-term use.

Safety Features: Aluminum alloy three-stage pedals with pedal lights and slip-protection enhance safety and convenience for operators.

Operator Comfort:

Comfortable Cabin: The cabin features four-point airbag shock absorption, Grammer air seats, and advanced noise reduction technologies, including double seals.

Quiet Environment: The use of polyester materials significantly reduces noise levels and improves insulation, ensuring a quieter and more comfortable ride.

Manufacturing Excellence:

Precision Welding: 100% automated robotic welding by ABB systems ensures precise welds and uniform joints, providing exceptional structural integrity and impact resistance.

Durability: Designed to withstand challenging environments, SHACMAN tractors maintain their structural integrity under the toughest conditions.

Additional Features:

Safety and Convenience: Aluminum alloy three-stage pedals with pedal lights and slip-protection enhance safety and operator convenience.

Noise Reduction: The use of polyester materials in the cabin significantly reduces noise levels and improves insulation.

Product Application of Shacman Tractor Truck :

Long-Haul Transportation:

Freight Transport: Perfect for moving goods over long distances efficiently and safely.

Container Hauling: Ideal for transporting heavy containers, providing the power and stability needed for secure delivery.

Construction and Infrastructure:

Equipment Transport: Suited for moving heavy construction equipment and machinery to and from job sites.

Material Hauling: Capable of carrying large quantities of building materials like concrete, steel, and aggregates.

Mining and Resource Extraction:

Ore and Mineral Transport: Efficiently handles the heavy loads typical in mining operations, ensuring safe and reliable transport of extracted materials.

Site Support: Provides essential support in moving equipment and supplies within mining sites.

Agriculture and Forestry:

Bulk Agricultural Transport: Effective for hauling large quantities of agricultural products such as grains, fertilizers, and machinery.

Timber and Lumber Hauling: Suitable for transporting logs and timber from forests to processing facilities.

Energy and Utilities:

Pipeline and Utility Support: Assists in transporting materials and equipment necessary for pipeline construction and maintenance.

Renewable Energy Projects: Facilitates the transport of large components required for wind and solar energy installations.

Emergency and Disaster Response:

Relief Operations: Plays a crucial role in delivering essential supplies and equipment to disaster-stricken areas.

Heavy-Duty Rescue: Assists in towing and recovery operations during emergencies.

Product Features of Shacman Tractor Truck:

Product Name	Shacman 4X2/6X4 Tractor Truck
Wheelbase	3600mm
Engine Model	WEICHAI WP12.430E201
Horsepower	430 horsepower
Front Axle	7.5T
Oil Tanker Capacity	400L
Tyre	12R22.5
Colour	As customer's request
Capacity (load)	50~90T
