

Shacman X3000 4X2 Heavy Duty Truck Cap Tractor 6X4 Freight Transport

Basic Information

- Place of Origin: China
- Brand Name: Shacman
- Model Number: X3000
- Minimum Order Quantity: 1
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Horsepower: 351 - 450hp
- Emission Standard: Euro -
- Engine: WEICHIAI Or Cummins
- Drive Wheel: 4X2 6X4
- Warranty: 1 Year
- Transmission Type: Manual
- Highlight: Shacman X3000 4X2 Truck,
Shacman X3000 cap tractor 6x4,
Freight Transport Cap Tractor 6X4

Product Description

Shacman X3000 4X2 Heavy Duty Truck 6X4 Freight Transport Tractor Truck

Product Description of Shacman Tractor Truck:

High-Power Diesel Engine: Tractors designed for heavy towing are equipped with high-power diesel engines. These engines provide the necessary torque and power to move heavy loads efficiently.

Mechanical or Hydraulic Transmission: The tractor is equipped with a mechanical or hydraulic transmission system. This system allows for the transfer of power from the engine to the wheels, enabling the tractor to move and control the trailers.

High Speed Ratio and Main Reducer: The transmission system of the tractor is designed with a high-speed ratio. This allows the tractor to generate high torque at low speeds, which is essential for towing heavy loads. Additionally, some tractors may have a main reducer that further enhances torque output and pulling power.

SHACMAN tractors stand out from others in terms of their superior efficiency, economy, safety, comfort, and intelligent network integration. Here is a rephrased version of the statement:

SHACMAN tractors excel in terms of efficiency, economy, safety, comfort, and intelligent network integration when compared to other tractors.

SHACMAN tractors are characterized by their impressive efficiency, fuel economy, intelligent features, and comfortable design. They are compatible with engines ranging from 10L to 13L, providing a wide range of options to suit different needs. These tractors are equipped with advanced features such as a four-point airbag shock absorption system, a comfortable Grammer air seat, and noise reduction designs including double seals. These enhancements ensure a smooth and comfortable ride while minimizing noise levels for an optimal driving experience.

The vehicle body of SHACMAN tractors undergoes automated welding using state-of-the-art robotic systems from ABB, a leading global company in automation technology. The main welding process achieves a remarkable automation rate of 100%, ensuring precision and consistency in the welding of the vehicle body.

The welding accuracy is high, the solder joints are distributed evenly, and there is no phenomenon such as de-soldering and false welding. It can ensure that there will be no open welding deformation under harsh environments and impact resistance.

Aluminum alloy three stage pedal equipped with pedal lights and slip-protection.

Application of polyester material can reduce cab noise greatly and increase insulation qualities.

Product Application of Shacman Tractor Truck :

The Shacman Container Tractor Truck prioritizes safety and durability in its design. Rigorous pressure resistance tests are conducted on the cab top to ensure its ability to withstand diverse conditions and deliver exceptional safety performance. The cab is reinforced with thickened steel plates and incorporates a side door crash beam design to enhance passive safety. These measures provide enhanced protection for the driver in the event of a collision.

Product Features of Shacman Tractor Truck:

Product Name	Shacman 6X4 Tractor Truck
Wheelbase	3350 mm
Engine Model	WEICHAI WP12.430E201
Horsepower	351-450 horsepower
Front Axle	7100kg
Oil Tanker Capacity	400-500L
Tyre	12R22.5
Colour	As customer's request
Capacity (load)	31-40 ton
Provide After-sales Service	Video technical support, online support

▲ The values in the configuration table are subjected to change. The data in the configuration table are for reference only. Mix and matching some configurations may not be technically possible, please contact your local sales representative to help you choose the right specifications for your needs.

FAQ

1.Q: What kind of payment do you accept?

A: We accept T/T; L/C and Western Union; Others payment is negotiable.

2.Q: What's your minimum order quantity?

A: One unit

3.Q: What's your delivery time?

A: Determine according to the speciric Moael. dump truck usuaily 30 days after received the deposit.

4.Q: What's warranty time?

A: 30,000 km or 12 months from the date of shipment whichever comes first

5.Q: What's your after-sale service?

A: We provide technical support for our trucks and whole life parts supply
