Product Description

There are both new and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description of Shacman Tractor Truck:

Next to the large fuel tank is a urea tank made of plastic and enlarged. Next to the small fuel tank is the battery and post-processing. Aluminum alloy guard plates are arranged on the post-processing and the frame, which play a certain protective role and make the entire chassis layout more concise. The large space interior is both comfortable and intelligent. Not only the power chain, but also the interior is a highlight of Delong X6000. The cab width is 2130mm, which brings a comfortable sense of interior space. The color combination of black + brown + apricot creates a warm feeling. Not only the driving function is intelligent, but also it is equipped with rich life functions.

Product Application of Shacman Tractor Truck :

The Container Tractor Truck's cab top has undergone strict pressure resistance test, with excellent safety performance and better guarantee in product quality. Its thickened cab steel plate and side door crash beam design effectively enhance the passive safety of the cab. This tractor truck can meet basic transportation needs and tackle some complicated tasks.
