

Shacman X3000 Diesel Tractor Truck RHD Weichai Engine 430 HP 6x4 Tractor Head With Big Bumper

Our Product Introduction

for more products please visit us on chinadumptrucks.com

Basic Information

- Place of Origin: China
- Brand Name: Shacman
- Model Number: X3000
- Minimum Order Quantity: 1
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Emission Standard: Euro -
- Engine: WEICHAI Or Cummins
- Warranty: 1 Year
- Transmission Type: Manual
- Driving Type: Left Hand Driving
- Tyre: 12.00r22.5
- Highlight: x3000 diesel tractor truck,
shacman x3000 diesel tractor truck,
430 hp 6x4 tractor head

Product Description

Shacman X3000 Tractor Truck Price RHD Weichai engine 430 HP 6x4 with Big Bumper

Product Description of Shacman Tractor Truck:

A tractor used for towing and pushing heavy trailers. It is equipped with a high-power diesel engine, and is equipped with a mechanical or hydraulic transmission with a high speed ratio and a main reducer. Some also have wheel side reduction devices to reduce speed and increase traction.

Compared with other tractors, SHACMAN tractors are more efficient economy,safety,comfort and intelligent network federation.

High Speed Ratio and Main Reducer: The transmission system of the tractor is designed with a high-speed ratio. This allows the tractor to generate high torque at low speeds, which is essential for towing heavy loads. Additionally, some tractors may have a main reducer that further enhances torque output and pulling power.

SHACMAN tractors stand out from others in terms of their superior efficiency, economy, safety, comfort, and intelligent network integration. Here is a rephrased version of the statement:

SHACMAN tractors excel in terms of efficiency, economy, safety, comfort, and intelligent network integration when compared to other tractors.

SHACMAN tractors are characterized by their impressive efficiency, fuel economy, intelligent features, and comfortable design. They are compatible with engines ranging from 10L to 13L, providing a wide range of options to suit different needs. These tractors are equipped with advanced features such as a four-point airbag shock absorption system, a comfortable Grammer air seat, and noise reduction designs including double seals. These enhancements ensure a smooth and comfortable ride while minimizing noise levels for an optimal driving experience.

SHACMAN tractors employ cutting-edge robotic systems provided by ABB, a renowned global leader in automation technology, for the automated welding of their vehicle bodies. This advanced welding process achieves an exceptional automation rate of 100%, guaranteeing unparalleled precision and consistency in every weld of the vehicle body.

The Shacman Tractor Truck exhibits high welding accuracy, with evenly distributed solder joints and no issues such as de-soldering or false welding. This ensures that even under harsh environments, the truck maintains its structural integrity without open welding deformation. The truck's welding quality guarantees excellent resistance to impact, providing durability and reliability in challenging operating conditions.

The Shacman Tractor Truck is equipped with an aluminum alloy three-stage pedal that features pedal lights and slip-protection. This advanced pedal design ensures enhanced safety and convenience for the driver. The pedal lights provide visibility in low-light conditions, while the slip-protection feature helps prevent accidents caused by foot slippage, further enhancing the overall safety of the truck.

By applying polyester material, the Shacman Tractor Truck effectively reduces cab noise levels and enhances insulation properties. This utilization of polyester material significantly diminishes noise disturbances within the cab, leading to a quieter and more comfortable driving experience. Additionally, the incorporation of polyester material improves the insulation capabilities of the truck, helping to regulate temperature and create a more pleasant environment for the driver.

Product Application of Shacman Tractor Truck :

The Shacman Container Tractor Truck prioritizes safety and durability in its design. Rigorous pressure resistance tests are conducted on the cab top to ensure its ability to withstand diverse conditions and deliver exceptional safety performance. The cab is reinforced with thickened steel plates and incorporates a side door crash beam design to enhance passive safety. These measures provide enhanced protection for the driver in the event of a collision.

Product Features of Shacman Tractor Truck:

Product Name	Shacman 6X4 Tractor Truck
Wheelbase	3350 mm
Engine Model	WEICHAI WP12.430E201
Horsepower	351-450 horsepower
Front Axle	7100kg
Oil Tanker Capacity	400-500L
Tyre	12R22.5
Colour	As customer's request
Capacity (load)	31-40 ton
Provide After-sales Service	Video technical support, online support

▲ Please note that the values listed in the configuration table are subject to change. The data provided in the configuration table is intended for reference purposes only. It is important to understand that certain configurations may not be technically feasible when mixed and matched. To ensure you select the appropriate specifications for your specific requirements, we recommend contacting your local sales representative for expert assistance.

FAQ

1.Q: What kind of payment do you accept?

A: We accept T/T; L/C and Western Union; Others payment is negotiable.

2.Q: What's your minimum order quantity?

A: One unit

3.Q: What's your delivery time?

A: Determine according to the speciric Moael. dump truck usually 30 days after received the deposit.

4.Q: What's warranty time?

A: 30,000 km or 12 months from the date of shipment whichever comes first

5.Q: What's your after-sale service?

A: We provide technical support for our trucks and whole life parts supply
