

Premium Choice for Heavy Duty Transport H3000 Shacman Dump Truck with WEICHAI engine

Our Product Introduction

Basic Information

- Place of Origin: Henan, China
- Brand Name: Shacman
- Model Number: Dump Truck H3000
- Minimum Order Quantity: 1 Unit
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Steering: Left
- Horsepower: 451-500hp
- Emission Standard: Euro -Euro
- Segement: Heavy Truck
- Market Segement: Engineering Transportation
- Engine Brand: WEICHAI
- Fuel Type: Diesel
- Engine Capacity: $> 8L$
- Cylinders: 6
- Gear Box Brand: FAST
- Transmission Type: Manual
- Forward Shift Number: 10
- Reverse Shift Number: 2
- Maximum Torque(Nm): $\leq 500Nm$
- Cargo Tank Dimension: 5600*2300*1500

Product Description

Premium Choice for Heavy-Duty Transport H3000 Shacman Dump Truck with WEICHAI engine

The SHACMAN Dump Truck is engineered for superior performance and reliability in heavy-duty hauling applications. Powered by a robust WEICHAI engine, this truck offers unmatched power and efficiency, making it an ideal choice for a variety of demanding industries.

Product Description of Shacman Dump Truck:

Key Features:

High-Capacity WEICHAI Engine: Available with a range of engine options, including the powerful WEICHAI series, the SHACMAN Dump Truck ensures high performance, efficiency, and low fuel consumption.

Versatile Configurations: Offered in both 6x4 and 4x2 configurations to meet different operational needs and environments.

Left-Hand Drive: Designed for markets requiring left-hand driving, ensuring compatibility and ease of operation.

Performance and Efficiency:

Powerful Towing and Hauling: Equipped with high-capacity engines, SHACMAN Dump Trucks excel in towing and pushing heavy loads, making them perfect for construction, mining, and large-scale transportation.

Fuel Efficiency: Advanced engine technology ensures low fuel consumption without compromising on power, reducing operational costs and environmental impact.

Safety and Comfort:

Enhanced Safety Features: Includes aluminum alloy three-stage pedals with pedal lights and slip-protection, providing added safety for operators during entry and exit.

Comfortable Cabin: The operator's cabin is designed with comfort in mind, featuring four-point airbag shock absorption, Grammer air seats, and noise reduction technologies such as double seals and the use of polyester materials for improved insulation.

Manufacturing Excellence:

Precision Welding: The SHACMAN Dump Truck is manufactured using 100% automated robotic welding by ABB systems, ensuring precise welds and uniform joints for exceptional structural integrity and impact resistance.

Durability: Built to withstand challenging environments, the SHACMAN Dump Truck maintains its structural integrity under the toughest conditions, providing long-lasting durability and reliability.

Additional Features:

Traction Control: Some models include wheel-side reduction devices for enhanced traction control, ensuring stability and safety on various terrains.

Advanced Network Integration: SHACMAN trucks lead in efficiency and network integration, offering features that streamline operations and improve productivity.

Applications:

Construction: Ideal for transporting construction materials, debris, and heavy equipment.

Mining: Efficiently handles the transport of ore, minerals, and other extracted materials.

Agriculture: Suitable for hauling large quantities of agricultural products, machinery, and supplies.

Infrastructure Projects: Perfect for supporting large-scale infrastructure and development projects.

Product Application of Shacman Dump Truck :

8x4 Mining Dump Truck is specially designed for transportation in mines and other projects, and can be used at temperatures of 50°C and -40°C without any problems. Our product is made of high-quality materials, strong and durable, crossing most types of terrain will not cause problems, and can meet most transportation needs.

Chinese Factories Supply Shacman Trucks for Sale at A Price

Dump truck refer to trucks that are mainly used to transport goods. Generally, they can be divided into heavy and light according to the weight of the truck. Most trucks are powered by diesel engines, but some light trucks run on petrol, LPG or natural gas. 340-560hp, 4*2, 6*4 and 8*4 driving modes. We not only have Shacman Automobile brand tractors, but also can provide: Dongfeng, Sinotruk, FAW, SAIC, Universiade, Valin, Beiben, Auman brand.

Product Features of Shacman Dump Truck:

Product Name	Shacman 8X4/6X4 Dump Truck
Wheelbase	5000mm
Engine Model	WEICHAI WP10.300E22
Horsepower	400-500 horsepower
Front Axle	MAN 9.5T
Oil Tanker Capacity	400-500L
Tyre	12.00R20
Colour	As customer's request
Capacity (load)	11-20 ton
Provide After-sales Service	Video technical support, online support

▲ The values in the configuration table are subjected to change. The data in the configuration table are for reference only. Mix and matching some configurations may not be technically possible, please contact your local sales representative to help you choose the right specifications for your needs.
