

New And Used Shacman 380HP Diesel Engine M3000 8x4 6x4 Dump Truck Hear

Our Product Introduction

Basic Information

- Place of Origin: Henan, China
- Brand Name: Shacman Dump Truck
- Model Number: M3000/M3000S
- Minimum Order Quantity: 1 Unit
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Condition: New
- Steering: Left
- Horsepower: 400-500hp
- Emission Standard: Euro -Euro
- Segement: Heavy Truck
- Market Segement: Engineering Transportation
- Engine Brand: WEICHAi
- Fuel Type: Diesel
- Gear Box Brand: FAST
- Cargo Tank Length: 5.3-6.2M
- Capacity (Load): $> 50T$
- Fuel Tank Capacity: 300-400L
- Drive Wheel: 6x4 8x4
- ABS(Antilock Braking System): Yes

Product Description

Truck Shacman 6x4 8x4 Low Price Dump Truck M3000

There are both new and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description of Shacman Dump Truck:

Mining version transmission: The auxiliary box drive gear, main shaft, intermediate shaft, extended intermediate shaft and reduction gear are made of 20CrNi3, and the fatigue strength is doubled compared with conventional transmissions. The newly designed oil channel is more conducive to oil lubrication and heat dissipation, so that the transmission always works under the best temperature conditions.

Drive axle: The main reducer housing enhances the support strength of the main reducer housing, increases the heat dissipation area, and can effectively reduce the bridge temperature. At the same time, the intermediate bridge housing and the bridge box.

Enhance the strength of the main reducer assembly and eliminate the potential risk of oil leakage on the joint surface of the main reducer housing and the bridge box in the original product.

Brake: The widened variable-section brake shoe friction plate (Φ410×220) is adopted, which has good heat dissipation and high braking performance, improves the use efficiency and life of the friction plate, and makes braking smoother.

Driving relay valve: The number of driving relay valves is increased from 2 to 4, which increases the speed of building air pressure in the brake air chamber and shortens the time from stepping on the pedal to the actual braking of the wheel.

Air pipeline optimization: WABCO + VOSS and other air pipeline components are used to ensure the air tightness of the wiring harness. Different air pipes are marked with different colors for easy maintenance.

Product Application of Shacman Dump Truck :

8x4 Mining Dump Truck is specially designed for transportation in mines and other projects, and can be used at temperatures of 50°C and -40°C without any problems. Our product is made of high-quality materials, strong and durable, crossing most types of terrain will not cause problems, and can meet most transportation needs.

Chinese Factories Supply Shacman Trucks for Sale at A Price

Dump truck refer to trucks that are mainly used to transport goods. Generally, they can be divided into heavy and light according to the weight of the truck. Most trucks are powered by diesel engines, but some light trucks run on petrol, LPG or natural gas. 340-560hp, 4*2, 6*4 and 8*4 driving modes. We not only have Shacman Automobile brand tractors, but also can provide: Dongfeng, Sinotruk, FAW, SAIC, Universiade, Valin, Beiben, Auman brand.

Product Features of Shacman Dump Truck:

Product Name	Shacman 8X4/6X4 Dump Truck
Wheelbase	3175~4575+1400mm
Engine Model	WEICHAI WP10H400E62
Horsepower	400-500 horsepower
Front Axle	MAN 9.5T
Oil Tanker Capacity	400-500L
Tyre	12.00R20
Colour	As customer's request
Capacity (load)	31-40 ton
Provide After-sales Service	Video technical support, online support

▲ The values in the configuration table are subjected to change. The data in the configuration table are for reference only. Mix and matching some configurations may not be technically possible, please contact your local sales representative to help you choose the right specifications for your needs.
