

Shacman Dump Truck 6x4 40 Tons Right Hand Drive Shacman Tipper Dump Truck

Our Product Introduction

Basic Information

- Place of Origin: Henan, China
- Brand Name: Shacman
- Model Number: Dump Truck F3000
- Minimum Order Quantity: 1
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 30-40work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Condition: New
- Steering: Left Or Right
- Emission Standard: Euro -Euro
- Engine: WEICHIAI COUNMINS
- Gearbox: 10JSD180+QH50
- Tire: 12.00R20
- Highlight: **shacman dump truck 6x4, 6x4 shacman tipper, new shacman tipper**

Product Description

Truck Shacman 6x4 8x4 Low Price Dump Truck F3000

There are both new and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description of Shacman Dump Truck:

The 8x4 enhanced version is equipped with the transmission leaf spring suspension to improve the convenience of transmission maintenance, improve parts reliability and reduce maintenance costs.

By implementing a cooling mechanism for the steel pipe, the steering system oil temperature is lowered, leading to a significant decrease in the rate of component failures.

Weichai WEVB exhaust brake system reduces the wear of tires, brake pads and the cost of vehicle use while ensuring safety.

The load-carrying capacity of the four U-bolts rear suspension's rear leaf spring has been upgraded. The thickness of the leaf spring has been increased from (822mm+425mm) to 12*25mm, resulting in a 25% increase in stiffness.

Wheel rim has been reinforced, whose thickness increased from 14mm to 16mm and steel ring from 8.5 to 9.0.

Φ120 bore steering gear, the steering assist capacity is increased by 24%.

To meet customer requirements, we have increased the ground clearance of the vehicle to 636mm. Additionally, we have upgraded the thickness of the bottom protector from 3mm to 6mm, ensuring enhanced protection.

To enhance adaptability in complex working conditions and reduce the risk of taillight damage, the taillights are now equipped with protectors.

This added feature provides improved protection for the taillights.

For a 9.5-ton front axle, we offer a front suspension plate spring with a robust 18mm thickness. This upgraded suspension provides high stiffness and exceptional load-carrying capacity.

Three-layer beam for 8x4 dump truck, the bearing capacity is greatly improved and the bending strength is high.

Product Application of Shacman Dump Truck :

The Shacman Dump Truck is widely used in various industries and applications due to its robust design and high-performance capabilities.

Some of the common product applications of the Shacman Dump Truck include:

Construction: The dump truck is extensively utilized in construction sites for transporting and unloading materials such as sand, gravel, rocks, and construction debris. Its large load capacity and durable construction make it ideal for heavy-duty hauling in construction projects.

Mining: In mining operations, the Shacman Dump Truck plays a crucial role in transporting extracted minerals, ores, and other materials from the mining site to processing areas or designated storage locations. Its ruggedness and off-road capabilities enable it to navigate challenging terrains often encountered in mining operations.

Infrastructure Development: The dump truck is an essential asset in infrastructure development projects, including road construction, bridge building, and urban development. It facilitates the transportation of construction materials, such as asphalt, concrete, and aggregates, to the work site, enabling efficient and timely completion of projects.

Waste Management: Municipalities and waste management companies utilize Shacman Dump Trucks for waste collection and disposal purposes. They are employed in scenarios such as garbage collection, transporting waste to landfills, and handling recyclable materials. The dump truck's large capacity helps optimize waste collection operations and minimize the number of trips required.

Agriculture: The agricultural sector relies on dump trucks for various tasks, including transporting crops, livestock feed, fertilizers, and agricultural equipment. The dump truck's versatility and load-carrying capacity make it suitable for agricultural applications, enhancing productivity and efficiency in farm operations.

Transportation and Logistics: The Shacman Dump Truck is utilized in the transportation and logistics industry for hauling goods and materials over long distances. Its robust construction and powerful engine enable it to transport heavy loads, making it an ideal choice for long-haul transportation of commodities like minerals, aggregates, and bulk goods.

These are just a few examples of the wide range of applications where the Shacman Dump Truck finds utility. Its durability, reliability, and adaptability make it a popular choice in industries that require efficient and heavy-duty hauling capabilities.

Chinese Factories Supply Shacman Trucks for Sale at A Price

Dump truck refer to trucks that are mainly used to transport goods. Generally, they can be divided into heavy and light according to the weight of the truck. Most trucks are powered by diesel engines, but some light trucks run on petrol, LPG or natural gas. 340-560hp, 4*2, 6*4 and 8*4 driving modes. We not only have Shacman Automobile brand tractors, but also can provide: Dongfeng, Sinotruk, FAW, SAIC, Universiade, Valin, Beiben, Auman brand.

Product Features of Shacman Dump Truck:

Product Name	Shacman 8X4/6X4 Dump Truck
Wheelbase	3175~4575+1400mm
Engine Model	WEICHAI WP10.380
Horsepower	430-550 horsepower
Front Axle	MAN 9.5T
Oil Tanker Capacity	400-500L
Tyre	12.00R20
Colour	As customer's request
Capacity (load)	31-40 ton
Provide After-sales Service	Video technical support, online support
