Product Description

There are both brand new and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description OF Concrete Pump Truck:

High configuration: adopt the core components of international high-end brands, and become long-term strategic partners with companies such as German Spall, Rexroth, Harvey, HBC, Italian Wolff, NEM, and American Eaton;

Stable performance and low failure rate: through three-dimensional modeling and finite element analysis, the structure is more reasonable and the performance of the whole machine is more stable; the failure rate has been low after more than 20 years of market inspection;

High construction efficiency and wide construction range: equipped with high and low pressure automatic switching function, pumping is self-adaptive, energy-saving and efficient;

Strong human-computer interaction, easy operation of intelligent control, simple and clear troubleshooting.

Product Application OF Concrete Pump Truck :

At present, the main products include 28m, 31m, 33m, 38m, 50m, 58m, and 65m concrete pump trucks and 28m, 38m, 44m, and 46m mixing pump trucks, 24m, 36m, and 47m aerial work vehicles, 10-50 ton bulk cement trucks, mobile unloadable mixing stations and other engineering machinery equipment; the country's first two-axle 38m pump truck, 46m mixing pump truck, four-axle 65m pump truck, cement truck, mobile unloadable mixing station and other star products.

Dedicated to serving urban and rural infrastructure, it is an enterprise specializing in the production of large-scale construction engineering machinery and equipment, integrating scientific research, production, sales and after-sales service.
