

High Capacity WEICHAI Engine L5000 Shacman Cargo Truck Advanced Safety Features

Our Product Introduction

for more products please visit us on chinadumptrucks.com

Basic Information

- Place of Origin: Henan, China
- Brand Name: Shacman
- Model Number: Cargo Truck L5000
- Minimum Order Quantity: 1
- Price: \$43,000.00/units ≥ 1 units
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Condition: New
- Steering: Left
- Emission Standard: Euro -Euro
- Segement: Heavy Truck
- Market Segement: Express Transportation
- Engine Brand: WEICHAI
- Gear Box Brand: FAST
- Driver's Seat: Air Suspension
- Brand: Shacman
- Color: Customized
- Drive Wheel: 6*4 8*4
- Horsepower: 351 - 450hp
- Transmission Type: Manual
- Highlight: I5000 shacman cargo truck,
High Capacity Shacman Cargo Truck,
High Capacity Shacman Cargo Truck

Product Description

Zhengzhou Hongyang Automobile Sales Company is Shaanxi Automobile's overseas & domestic authorized dealer, and we are also Shaanxi Automobile's domestic strategic cooperative dealer. Zhengzhou Hongyang has cooperated with Shaanxi Automobile for 11 years. There are four 4S display stores in Henan, respectively in Zhengzhou, Shangqiu, Hebi and Nanyang. We supply new trucks such as dump trucks, tractor trucks and Cargo trucks as well as various spare parts resources. The annual sales volume of Hongyang Automobile in central China exceeds 1,500 units. We have Weichai Power Center Warehouse covering the entire Henan Province, supplying Weichai engines and all accessories.

Product Description of Shacman Cargo Truck:

Robust Engine Performance:

Equipped with high-capacity engines ranging from 10L to 13L, the Shacman Cargo Truck offers powerful performance to handle heavy loads efficiently.

Advanced fuel injection technology ensures optimal fuel efficiency and reduced emissions, making it an eco-friendly choice.

Transmission Options:

Available with both mechanical and hydraulic transmissions, providing flexibility and efficiency for various driving conditions.

High-speed ratios and main reducers contribute to smooth and powerful driving experiences, even under heavy loads.

Superior Build Quality:

Manufactured using 100% automated robotic welding by ABB systems, ensuring precise welds and uniform joints for exceptional structural integrity.

Designed to withstand tough environments and deliver consistent performance over long periods.

Enhanced Safety Features:

The truck includes advanced safety features such as ABS (Anti-lock Braking System), EBS (Electronic Braking System), and stability control to ensure safe driving.

Aluminum alloy three-stage pedals with pedal lights and slip-protection enhance driver safety and convenience.

Comfortable Cabin Design:

The cabin is equipped with four-point airbag shock absorption, Grammer air seats, and noise reduction technologies such as double seals for a quieter and more comfortable driving experience.

The use of polyester materials in the cabin significantly reduces noise levels and improves insulation.

Practical Design Elements:

The cargo area is designed to maximize space and facilitate easy loading and unloading, with reinforced flooring and sidewalls to handle heavy and bulky goods.

Various cargo bed configurations are available to meet different transportation needs.

Advanced Network Integration:

The Shacman Cargo Truck features advanced network integration capabilities, allowing for real-time tracking and fleet management, enhancing operational efficiency.

Connectivity options include GPS, telematics, and onboard diagnostics to monitor vehicle performance and driver behavior.

Customizable Options:

Available in various configurations to meet specific industry requirements, whether for general cargo, specialized freight, or long-haul transportation.

Optional features and accessories can be added to tailor the truck to specific business needs.

Product Application of Shacman Cargo Truck :

The Shacman Cargo Truck is versatile and can be used in a wide range of applications, including:

General Cargo Transport: Efficiently transporting goods across cities and regions.

Construction Materials: Hauling construction materials such as bricks, cement, and steel.

Agricultural Products: Transporting agricultural produce and livestock feed.

Logistics and Distribution: Delivering goods to distribution centers and retail outlets.

Specialized Freight: Customizable for specialized freight needs, including temperature-controlled transport.

The Shacman Cargo Truck combines power, durability, and efficiency, making it a valuable asset for any transportation and logistics operation. Its advanced features and robust design ensure it can handle the toughest jobs while providing a comfortable and safe driving experience.

Chinese Factories Supply Shacman Trucks for Sale at Competitive Prices

Chinese factories offer a wide range of Shacman trucks for sale, known for their robust build, efficient performance, and affordability. As a leading brand in the heavy truck industry, Shacman trucks are manufactured using advanced technology and high-quality materials, ensuring reliability and longevity.

Competitive Pricing:

Direct factory supply ensures competitive pricing without compromising on quality. Bulk purchase discounts and flexible financing options available.

High-Quality Manufacturing:

Utilization of advanced robotic welding and precision engineering for consistent quality.

Rigorous testing and quality control measures ensure each truck meets industry standards.

Wide Range of Models:

Availability of various models to suit different business needs, from cargo trucks to dump trucks and tractor units.

Customizable configurations and features to meet specific operational requirements.

Fuel Efficiency and Environmental Compliance:

Advanced engine technology ensures high fuel efficiency and reduced emissions.

Compliance with international environmental standards, making them suitable for global markets.

Comprehensive After-Sales Support:

Extensive after-sales support including maintenance services, spare parts availability, and technical assistance.

Training programs for drivers and maintenance personnel to ensure optimal truck performance.

Product Features of Shacman Tractor Truck:

Product Name	Shacman 6X4 8X4 Cargo Truck
Wheelbase	5700 mm
Engine Model	WEICHAH WP12.375E50

Horsepower	351-450 horsepower
Front Axle	MAN 9.5T
Oil Tanker Capacity	400-500L
Tyre	12.00R20
Colour	As customer's request
Capacity (load)	31-40 ton
Provide After-sales Service	Video technical support, online support

▲ The values in the configuration table are subjected to change. The data in the configuration table are for reference only. Mix and matching some configurations may not be technically possible, please contact your local sales representative to help you choose the right specifications for your needs.
