Product Description

There are both new and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description of Shacman Dump Truck:

The widened and enlarged cab, surrounded by instruments, is beautiful and comfortable, and it is more convenient to check the situation of the truck.

The gearbox adopts the optimized design of transmission ratio, with stable performance and high efficiency.

The load-carrying capacity of the rear leaf spring of the four U-bolts rear suspension is upgraded. The thickness of the leaf spring is upgraded from (8*22mm+4*25mm) to 12*25mm, and the stiffness is upgraded by 25%.

The double-sided rollover hydraulic cylinder has good force and small stroke, which can realize the top rollover.

The rim is strengthened, the thickness is increased from 14mm to 16mm, and the steel ring is increased from 8.5 to 9.0.

Product Application of Shacman Dump Truck :

Our excellent technical force, perfect testing facilities and complete equipment have laid a good foundation for its quality. In infrastructure development, these vehicles play a vital role in transporting heavy materials such as soil, aggregates, and construction supplies for projects like roads, railways, bridges, and other public works.

Chinese Factories Supply Shacman Trucks for Sale at A Price
