

Combine Water Tanker Truck Chinese Street Sweepers And Street Cleaning Trucks

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Shacman Special Truck
- Model Number: Water Tank Truck
- Minimum Order Quantity: 1
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Product Name: Water Tank Truck
- Condition: New
- Chassis Model: EQ1250GL6DJ
- Drive Wheel: 8x4 6x4 4x2
- Tank Capacity: 18.88cube
- Tank Size: 6300*2350*1500(mm)
- Total Mass: 25000kg
- Curb Weight: 10725kg
- Highlight: Combine Water Tanker Truck,
Street Sweepers Water Tanker Truck,
Shacman street cleaning trucks

Product Description

There are both new and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description of Water Tank Truck:

A water tanker is a vehicle designed specifically for transporting and storing water. It usually has a large-capacity water tank and can be used for various purposes, such as water supply, firefighting, street cleaning, agricultural irrigation, etc. Water tankers are usually equipped with high-flow water pumps to pump water from the tank and spray it through a water spraying rod or nozzle. These vehicles are widely used in urban and rural environments to provide people with water support for cleaning, fire fighting, irrigation, etc.

Ample Capacity: Large-volume water storage tanks, ranging from 5,000 to 20,000 liters, provide ample water-carrying capacity to meet diverse application requirements.

Specialized Equipment: Customized with high-flow pumps, spray bars, and hose reels, water tankers offer efficient, targeted water delivery for tasks like street cleaning and fire response.

Maneuverability: Compact, maneuverable designs allow water tankers to navigate confined urban spaces and access hard-to-reach locations.

Reliability: Robust, well-engineered construction ensures the durability and dependability of water tankers, even in demanding operating conditions.

Versatility: Can be adapted to handle both potable and non-potable water for a wide range of municipal, construction, and emergency applications.

Product Application of Water Tank Truck:

The water tanker trucks produced by our factory have multiple functions for greening and sanitation. They are mainly used for washing roads in large, medium and small cities, greening of trees, green belts and lawns, construction of roads, factories and mines, and washing of high-altitude buildings.

It has the functions of sprinkling water, suppressing dust, high and low position spraying, pesticide spraying, guardrail washing, etc. It also has the functions of transporting water, draining water, and emergency fire fighting.
