Product Description

There are both new and second-hand trucks. Please tell us your transportation needs and we will help you choose the best dump truck for you

Product Description of Shacman Dump Truck:

Our company 6x4 dump trucks are equipped with high-quality engines. The advantages of this engine are large torque, low emissions, strong power and good economy.

The dump truck is equipped with a cooling steel pipe, which can reduce the oil temperature of the steering system and effectively reduce the component failure rate.

Weichai WEVB exhaust brake system not only ensures safety, but also reduces the wear of tires and brake pads, reducing vehicle usage costs.

The vehicle is made of high-quality raw materials, which is durable and has strong load-bearing capacity.

The vehicle is equipped with a high-quality transmission with multiple gears for easy gear selection and shifting.

The dump truck has three-layer beams, which greatly improves the load-bearing capacity and has high bending strength.

The equipped aviation seats provide drivers with a good driving experience, making long-distance driving more comfortable and relieving fatigue to a certain extent.

The four U-bolt rear suspension makes it stronger in Europe.

Product Application of Shacman Dump Truck :

Heavy-duty dump trucks mainly drive the hydraulic pump through the transmission and power take-off device to push the piston rod to tilt the car. At the same time, the movement of the piston rod is controlled through the operating system so that the car can be parked at any desired tilt position.

Chinese Factories Supply Shacman Trucks for Sale at A Price

Dump trucks are trucks that transport goods. Generally, trucks can be divided into heavy-duty and light-duty according to their weight. Most trucks are powered by diesel engines, but we also have vehicles with other fuel types, such as LNG, CNG, and gasoline models. The horsepower range is 340-560 horsepower, and the drive forms are 4*2, 6*4, and 8*4. And we not only have Shaanxi Automobile brand tractors, but also provide: Dongfeng, Sinotruk, FAW, SAIC, Dayun, Valin, Beiben, Auman and other brands.
