

## Shacman 6X4 371Hp Dump Truck Oil Filter Hydraulic Pump Shacman Dump Truck Engine Cabin Assem

Our Product Introduction

for more products please visit us on [chinadumptrucks.com](http://chinadumptrucks.com)

### Basic Information

- Place of Origin: China, HeNan
- Brand Name: Shacman
- Model Number: X3000
- Minimum Order Quantity: 1
- Price: \$38,000.00/units  $\geq 1$  units
- Delivery Time: 10-20 work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability:  $\geq 100$  units

### Product Specification

- Gross Vehicle Weight: 25-30T
- Rear Axles: Man 16 Ton Double Reduction Drive Axle
- Drive: Left Driving
- Horsepower: 340-560HP
- Size: 6500\*2500\*3200
- Air Conditioner: Manual
- Origin: China
- Drive System: 8x4
- Application: SHACMAN Dump Truck
- Applications: Construction, Mining, Transportation
- Cylinders: 6
- Model: Dump Truck
- Highlight: Shacman Dump Truck,  
Shacman 371Hp Dump Truck,  
Shacman 6X4 Dump Truck

## Product Description

We have both new and second-hand vehicle. Please describe your specific needs to us and we will provide the best one for you.

### Product Description of Shacman Dump Truck:

The 8x4 dump trucks of our company are equipped with high-quality engines. The engine has large displacement, low emissions, strong power and good economy.

The dump truck is equipped with cooling steel pipes that can reduce the oil temperature of the steering system, thereby effectively reducing the component failure rate.

Weichai's WEVB exhaust brake system not only ensures safety, but also reduces tire and brake pad wear, reducing vehicle usage costs.

The raw materials used to manufacture the vehicles are of high quality, strong and durable, and have high load-bearing capacity.

The vehicle is equipped with a high-quality transmission with multiple gears for easy gear selection and shifting.

The three-layer beam of 8x4 dump truck has greatly improved load-bearing capacity and high bending strength.

The vehicle is equipped with aviation seats to provide drivers with a good driving experience, making long-distance driving more comfortable and relieving fatigue to a certain extent.

The four U-bolt rear suspension makes it stronger in Europe.

### Product Application of Shacman Dump Truck :

The heavy-duty dump truck mainly drives the hydraulic pump through the transmission and power take-off device to push the piston rod to tilt the vehicle. At the same time, the movement of the piston rod is controlled through the operating system, so that the car can be parked in any desired tilt position.

### Chinese Factories Supply Shacman Trucks for Sale at A Price

Dump trucks are used to transport goods. Trucks can be classified by weight into heavy-duty and light-duty trucks. Most trucks are powered by diesel engines, but we also have vehicles with other fuel types such as LNG, CNG and gasoline models. 340-560 horsepower, drive modes include 4\*2, 6\*4, and 8\*4. And we not only have Shaanxi Automobile brand tractors, but also provide: Dongfeng, Sinotruk, FAW, SAIC, Dayun, Valin, Beiben, Auman and other brands.

### Product Features of Shacman Dump Truck:

Product Name	Shacman 8X4/6X4 Dump Truck
Wheelbase	3175~4575+1400mm
Engine Model	WEICHAI WP10H400E62
Horsepower	340-560 horsepower
Front Axle	MAN 9.5T
Oil Tanker Capacity	400-500L
Tyre	12.00R20
Colour	As customer's request
Capacity (load)	31-40 ton
Provide After-sales Service	Video technical support, online support

▲ The data in the configuration table are for reference only, and some values may change. Mixing and matching some configurations may not be technically possible, please contact your local sales representative to help you select the specifications that suit your needs.
