## Product Description

**.We have a large quantity of new and used truck. Please let us know your transportation needs and we can help you choose the suitable one for you.**

### Product Description OF Shacman Tractor Truck:

SHACMAN tractors are used to tow and push heavy-duty trailers. It is equipped with a powerful diesel engine and a mechanical or hydraulic transmission that effectively provides high speed ratios and final deceleration. Some models also include rim reducers for enhanced traction control.

Its advantage lies in its outstanding performance in terms of efficiency, safety, comfort, and intelligent network connection. The tractor head is equipped with the characteristics of high efficiency, low fuel consumption, intelligent design, and engine displacement from 10 to 13 liters. The cabin is equipped with better noise reduction technology and is equipped with four-point airbag shock absorption and Grammer aviation seats.

The truck body is precision welded by ABB robots with 100% automation rate. The welding is precise and the welding points are evenly distributed. The use of this process ensures structural integrity and impact resistance in harsh environments.

It is equipped with aluminum alloy three-stage pedals with pedal lights and anti-skid protection. The use of polyester in the cockpit significantly reduces noise and improves thermal insulation.

### Product Application OF Shacman Tractor Truck :

The top of the container tractor cab has undergone rigorous pressure testing to ensure higher product quality and the vehicle has higher safety performance. The thickened cab steel plate and side door anti-collision beam design effectively enhance the passive safety of the cab. This tractor can meet basic transportation needs and handle some complex tasks.

### Product Features OF Shacman Tractor Truck:

Product Name	Shacman 4X2/6X4 Tractor Truck
Wheelbase	3350 mm
Engine Model	WEICHAI WP12.430E201
Horsepower	351-450 horsepower
Front Axle	7100kg
Oil Tanker Capacity	400-500L
Tyre	12R22.5
Colour	As customer's request
Capacity (load)	31-40 ton
Provide After-sales Service	Video technical support, online support

▲ The data in the configuration table are for reference only, and some values may change. Mixing and matching some configurations may not be technically possible, please contact your local sales representative to help you select the specifications that suit your needs.
