

Remote Controlled Euroll To Euro V Pump Truck For Precise Positioning In Complex Environments

Basic Information

- Place of Origin: China
- Brand Name: Pump Truck
- Minimum Order Quantity: 1 Unit
- Price: 110,000.00/units =1 unit
- Delivery Time: 10-20work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: 100 units

Product Specification

- Chassis Brand: Shacman, Sinotruk, North Rush Heavy Truck, Dongfeng, Isuzu, Auman
- Emission Standard: Euro -Euro
- Engine Brand: WeiChai/Commins
- Engine Horsepower: 240-470HP
- Drive Type: 4X2, 6X4, 8X4
- Vehicle Weight: 18-47T
- Wheelbase: 1950+4650+1350(mm)
- Size: 13500*2500*4000(mm)
- Vehicle Quality: 39000KG
- Arm Frame Length: 28-65(m)
- Turn Table Rotation Angle: 359°
- Main Oil Pump Displacement: 190-260(L/min)
- Highlight: Remote Controlled Pump Truck, Precise Positioning Pump Truck,

Product Description

There are both brand new and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description of Concrete Pump Truck:

Rotation anti-sway control technology: adopts the new rotation braking technology, the arm rotation swing amplitude is reduced by 60%, achieving braking.

Concrete pump trucks are usually equipped with advanced hydraulic systems and electronic control systems to ensure the accuracy and reliability of operation.

The one-button positioning technology of the boom enables the boom to be positioned quickly and accurately, and the intelligent vibration reduction technology effectively reduces vibration during the pumping process.

Incorporates safety features such as emergency shutdown mechanisms and stability monitoring systems.

The optimized pumping system design makes the material suction and distribution speed faster, thus improving the construction efficiency.

Product Application of Concrete Pump Truck :

Features remote control operation for accurate positioning in complex environments.

Incorporates safety features such as emergency shutdown mechanisms and stability monitoring systems.

Committed to urban and rural development, the company is a specialist in manufacturing large-scale construction machinery and equipment, offering an integrated approach to research, production, sales, and customer support.

Capable of maintaining continuous flow, which minimizes interruptions during pours.

Engineered for various construction sectors, including commercial, residential, and civil engineering.

Product Features of Concrete Pump Truck:

Product Name	Concrete Pump Truck 4X2/6X4/8X4
Wheelbase	1950+4650+1350 mm
Engine Model	WEICHAI/Commins
Horsepower	240-470 horsepower
Vehicle Quality	18000-47000kg
Bridge Number	4
Tyre	11.00R20,12.00R20,12R22.5,295/80R22.5,315/80R22.5
Colour	As customer's request
MAX pumping Capacity	180m ³
Provide After-sales Service	Video technical support, online support

▲ The values in the configuration table are subjected to change. The data in the configuration table are for reference only. Mix and matching some configurations may not be technically possible, please contact your local sales representative to help you choose the right specifications for your needs.

FAQ

1.Q: What kind of payment do you accept?

A: We accept T/T; L/C and Western Union; Others payment is negotiable.

2.Q: What's your minimum order quantity?

A: One unit

3.Q: What's your delivery time?

A: Determine according to the specific model. Dump truck usually 30 days after received the deposit.

4.Q: What's warranty time?

A: 30,000 km or 12 months from the date of shipment whichever comes first

5.Q: What's your after-sale service?

A: We provide technical support for our trucks and whole life parts supply
