## Product Description

**We can supply new and second-hand truck . Please tell us your specific transportation needs and we will help you choose the best dump truck for you**

### Product Description of Shacman Dump Truck:

6x4 dump trucks are equipped with high-quality engines. The advantages of this engine are high torque, low emissions, strong power and good economy.

High safety: The dump truck has a longer buffer space, which can effectively protect the lives of passengers. At the same time, the cab adopts a keel frame cab, which is durable and durable and always safe.

Fuel-saving: Diesel engines have a large compression ratio and high torque at low speeds, making them inherently more fuel-efficient than gasoline vehicles. This advantage is especially obvious during long-distance driving, which can greatly reduce operating costs.

The power output of the diesel tractor is more stable when a large amount of torque is required

Low maintenance costs: The engine has a simple structure, easy maintenance, and long service life, making its maintenance costs relatively low..

### Product Application of Shacman Dump Truck :

The hydraulic pump controls the movement of the piston rod through the operating system, allowing the car to be parked in any desired tilt position. It is equipped with a transmission and a power take-off drive to push the piston rod to tilt the heavy-duty dump truck.

### Chinese Factories Supply Shacman Trucks for Sale at A Price

Dump trucks are used to transport goods. Generally speaking, trucks can be divided into heavy trucks and light trucks based on weight. Most trucks are equipped with diesel engines, but we also have vehicles with other fuel types such as LNG, CNG and gasoline models. 340-560 horsepower. The driving forms are 4\*2, 6\*4, and 8\*4. And we not only have Shacman brand tractors, but also provide: Dongfeng, Sinotruk, FAW, SAIC, Dayun, Valin, Beiben, Auman and other brands.
