Product Description

Dump Truck H3000

We are the only company who is both the distributor of Shacman and Weichai engine in China. Please tell us your transportation needs and we will find the suitable one for you. A good truck will help you work well.

Product Description of Shacman Dump Truck:

Advanced technology: Shacman dump trucks adopt advanced vehicle technology, which can meet the needs of various transportation scenarios and ensure reliability and stability under various complex road conditions.

Energy saving and environmental protection: Shacman dump trucks focus on energy saving. Through efficient power systems and optimized designs, they reduce fuel consumption and environmental pollution, and meet modern environmental protection requirements.

Safe and reliable: The vehicle center of gravity is the lowest in the industry, which can effectively reduce the centrifugal force of the vehicle on turns and bumpy roads, improving driving stability and safety.

Strong durability: Shacman dump trucks are equipped with high-quality "three golden assemblies" - Weichai Power, Fast gearbox and Hande axle. They have superior military quality and ensure long-term stable operation of the vehicle.

Product Application of Shacman Dump Truck :

The 8x4 dump truck is specially designed for transportation of projects such as mines. The product is made of high-quality materials, sturdy and durable, suitable for different types of terrain, and can meet most transportation needs.

Chinese Factories Supply Shacman Trucks for Sale at A Price

Dump trucks can be divided into heavy and light types based on weight. Most dump trucks are powered by diesel engines, but some light trucks run on gasoline, LPG or natural gas. It has 340-560 horsepower and has 4*2, 6*4 and 8*4 driving modes. We not only have Shaanxi Automobile brand tractors, but also provide: Dongfeng, SINOTRUK, FAW, SAIC and other brands.
