Product Description

Dump Truck M3000

Our company is Shacman dealer, so we have a large quantity of new and second-hand truck resources. Please tell us your transportation needs and we will help you choose the suitable one for you. A good truck will help you work well.

Product Description of Shacman Dump Truck:

Lightweight design: Shacman F3000 dump truck uses high-strength lightweight materials, making the vehicle lighter in weight but with stronger load-bearing capacity.

Equipped with Weichai high-horsepower engine, it has low-speed high torque and strong heavy-load climbing ability. Equipped with an intelligent ECU to precisely control fuel injection, improving fuel economy and combustion efficiency.

The dump truck uses the internationally advanced CRUISE software to optimize the transmission system and matches it with the Fast gearbox, resulting in higher transmission efficiency. This results in increased vehicle payload and improved driving stability while reducing fuel consumption and tire wear.

Shacman dump truck has the lowest center of gravity in the industry, which improves the vehicle's stability on turns and bumpy roads, making driving safer.

Product Application of Shacman Dump Truck :

The 8x4 dump truck is made of high-quality materials, sturdy and durable, suitable for different types of terrain, and can meet most transportation needs.

Chinese Factories Supply Shacman Trucks for Sale at A Price

Dump trucks can be divided into heavy and light types. Can be equipped with different engines such as diesel, gasoline, LPG or natural gas engines. 340-560 horsepower, with 4*2, 6*4 and 8*4 voice driving modes.
