- Cab: Sleeper
- Gear Box Brand: FAST
- Seats: ≤ 2
- Highlight: **Shacman Brand New Cargo Truck, N Series Van Box Cargo Truck**

Product Description

We have large quantity new and used trucks. Please tell us your transportation needs and we will find the suitable one for you.

Product Description of L3000 cargo truck:

Container cargo, usually refers to container cargo, refers to cargo that is transported using containers as loading tools. The advantage is that the container has good sealing and sturdiness, which can effectively protect the goods from damage during transportation. Can be quickly transferred between different modes of transportation to achieve multimodal transport.

Product Application of L3000 cargo truck:

Cargo trucks are mainly used to transport various goods between different locations, including daily necessities, industrial products, and agricultural products. Within cities, box trucks are used to transport goods from warehouses or distribution centers to retail stores, factories, or consumers.

Cargo trucks equipped with refrigerated containers are used to transport goods that require refrigeration or freezing.

Dangerous goods transportation: Specially designed container trucks are used to transport dangerous goods, such as chemicals, fuel, compressed gas.

Construction and Engineering: In the construction and engineering fields, box trucks are used to transport construction materials, heavy machinery, and construction equipment.

Chinese Factories Supply L3000 Cargo Trucks for Sale at A Price

The standardization and versatility of containers have made them an important tool for global logistics and supply chain management, and their uses continue to expand with market demands and technological developments. Its flexibility and adaptability make it an important tool for the commercial transportation and logistics industry, able to meet the transportation needs of different industries and cargo sizes.
