Product Description

Truck Shacman 6x4 8x4 Low Price Dump Truck F3000

New and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description :

To enhance the 8x4 version, we have incorporated a transmission leaf spring suspension system. This upgrade aims to improve the ease of transmission maintenance, enhance the reliability of the components, and ultimately reduce maintenance expenses.

By implementing a cooling mechanism for the steel pipe, the steering system oil temperature is lowered, leading to a significant decrease in the rate of component failures.

The implementation of the Weichai WEVB exhaust brake system ensures safety while reducing tire and brake pad wear, as well as overall vehicle operating costs.

The load-carrying capacity of the rear leaf spring of the four U-bolts rear suspension is upgraded. The thickness of the leaf spring is upgraded from (8*22mm+4*25mm) to 12*25mm, and the stiffness is upgraded by 25%.

Wheel rim has been reinforced, whose thickness increased from 14mm to 16mm and steel ring from 8.5 to 9.0.

Φ120 bore steering gear, the steering assist capacity is increased by 24%.

The ground clearance is increased up to 636mm, and the thickness of the bottom protector is increased from 3mm to 6mm, which can meet the requirements of customers.

The taillight is equipped with a protector to improve the adaptability of complex working conditions, which reduced the risk of the taillight from being damaged.

Matching 9.5 tons of front axle, thickness of front suspension plate spring is 18mm, high stiffness and strong carrying capacity.

Three-layer beam for 8x4 dump truck, the bearing capacity is greatly improved and the bending strength is high.

Product Application of Shacman Dump Truck :

8x4 Mining Dump Truck is specially designed for transportation in mines and other projects, and can be used at temperatures of 50°C and -40°C without any problems. Our product is made of high-quality materials, strong and durable, crossing most types of terrain will not cause problems, and can meet most transportation needs.

Shacman dump truck is the most reliable and affordable dump truck on the market. It's built with high-quality components and assembled with precision, ensuring years of trouble-free operation. The Shacman dump truck is also known for its fuel efficiency.
