- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Engine Brand: WEICHAI
- Power: Diesel
- Multimedia System: Yes
- Steering: Left/Right
- Passengers: 4
- Window: Automatic
- Horsepower: 380HP-450HP
- Highlight: 10 Wheeler Mining Dump Truck,
6x4 Mining Dump Truck,
Refurbished Mining Dump Truck

Product Description

Truck Shacman 6x4 8x4 Low Price Dump Truck M3000

As a ten-year strategic distributor of SHACMAN, we have a large quantity of new truck and the used truck. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description of Shacman Dump Truck:

Shacman dump trucks are equipped with high-performance engines, such as Weichai Power, which provide powerful horsepower and torque and can easily.

The design of the dump truck enables it to discharge materials quickly, is easy to operate, is stable and reliable, and greatly improves work efficiency. This makes Shaanxi Automobile dump trucks the first choice in places such as construction sites and mines.

The cab design of Shaanxi Automobile's dump truck focuses on the driver's comfort and is equipped with spacious space and comfortable seats to reduce the fatigue of long-term driving. At the same time, the vehicle is also equipped with an intelligent driving assistance system to improve driving safety.

Shacman dump trucks adopt a high-strength frame structure with excellent resistance to distortion and impact, ensuring safety under harsh working conditions. In addition, the braking system has excellent performance and can brake quickly in emergency situations to ensure the safety of vehicles and personnel.

Shacman dump truck has an extensive service network and a professional maintenance team, which can provide users with timely and efficient service support to ensure the normal operation of vehicles.

Product Application of Shacman Dump Truck :

Dump trucks are widely used to transport muck, garbage, earthwork, sand and gravel in urban construction, adapting to various needs on urban construction sites. In heavy-load environments such as mines, it can efficiently transport heavy objects such as ore and coal. It is also suitable for the transportation of sand and gravel in highway construction, and can achieve efficient transportation within a short transportation distance. In urban logistics, it can also be used for urban distribution, especially when quick unloading is required.

Chinese Factories Supply Shacman Trucks for Sale at A Price
