## Product Description

### SHACMAN X6000 Tractor Truck

There are both new and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

#### Product Application :

Tractor Truck is a specialized vehicle used for towing large trucks or trailers. It typically consists of a wheeled or tracked tractor unit and one or more trailers. Tractor-trailers are known for their high strength, reliability, and load-carrying capacity, making them ideal for long-distance and heavy-duty transportation. They play an important role in the logistics and transportation industry and are an essential part of modern industrialized societies.
