Product Description

China Original Brand Shacman Heavy Duty 6x4 Truck For Transportation Dumper Dump Truck

There are both new and second-hand trucks. Just tell us your transportation needs and we will customize tractors with different loading weights, volumes, and colors. A good truck will help you work well.

Product Description of Shacman Dump Truck:

SHACMAN X5000 cab is a wide-body design, the space experience is the same as the logistics version of the model, and its four-point suspension shock absorber mechanism, the comfort is moderate to the upper side, normal road driving without excess shaking, the site dirt road filter is good, the washboard road may have to slow down.

The configuration of the workbench is particularly comprehensive, with the original mobile phone holder, the standard large screen of the car machine, the driver can listen to the song through the large screen during the transportation of the medium and long distance, and the control screen can also detect the lifting status of the cargo box in real time and the four-way image, which is conducive to improving safety. The air conditioning system is also integrated into the large screen, which retains mechanical knobs for adjustment. The rest of the keys are arranged in a keyboard layout, arranged in a line under the large screen, and the battery power switch is also integrated here.

The SHACMAN X5000 integrates the differential lock with the switch of the force extractor, turning left for the force extractor and right for two differential locks. In addition to the force extractor, the ergonomic operation of the lift valve has also been redesigned for easier discharge operation.

SHACMAN should be the first company to get the horsepower of the dump truck to 620. The X5000 engine is also the WP14H model from Weichai. The engine outputs 620 horsepower and has 2750N.m torque.

Product Application of Shacman Dump Truck :

8x4 Mining Dump Truck is specially designed for transportation in mines and other projects, and can be used at temperatures of 50°C and -40°C without any problems. Our product is made of high-quality materials, strong and durable, crossing most types of terrain will not cause problems, and can meet most transportation needs.

Chinese factories supply Shacman trucks for sale at competitive prices.

Dump trucks are commonly used for transporting goods and can be categorized as heavy or light based on their weight. While most trucks are powered by diesel engines, there are also light trucks that run on petrol, LPG, or natural gas. These trucks come in various configurations, including 340-560hp, 42, 64, and 8*4 driving modes. In addition to the Shacman Automobile brand, Chinese factories also offer other popular brands such as Dongfeng, Sinotruk, FAW, SAIC, Universiade, Valin, Beiben, and Auman.
