Product Description

Truck Shacman 4x2 6x4 Low Price Cargo Truck L5000

Product Description of Shacman Cargo Truck:

The 4x2 Light Cargo Truck has small model, strong bearing capacity and wide application range. It is suitable for landscaping, municipal sanitation, electric power engineering, road maintenance and other departments. There is an electronic stopper at the rear of the container. The whole vehicle adopts the front three rear multi leaf spring suspension, which not only reduces the dead weight of the whole vehicle, but also ensures the bearing capacity of the vehicle. The braking mode of the whole vehicle is drum braking. When the container is lifted to the specified angle, the electronic stopper will work and automatically stop lifting the container.

Product Application of Shacman Cargo Truck :

The L5000 cargo truck are great for intercity and urban environment transportation where larger vehicles are unable to maneuver in. Application of polyester material can reduce cab noise greatly and increase insulation qualities. The L5000 cargo truck can be customized to carry different types of cargo to suit the needs of all customers.
