

Powerful And Durable Euro 5 Fire Truck 8x4 For Challenging Terrain And Extreme Conditions

Basic Information

- Place of Origin: China, Henan
- Model Number: Fire Truck
- Minimum Order Quantity: 1
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20 work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Color: Red
- Drive Mode: 6x4 8x4
- Drive Type: Left Hand Drive OR LHD
- Range: Water ≥ 55 (m)
- Equipment Storage: Multiple Compartments
- Emission Standard: Euro3-euro6
- Weight: 8400kg
- Engine Type: Diesel
- Highlight: **Extreme Conditions Euro 5 Fire Truck,
Durable Euro 5 Fire Truck,
Challenging Terrain Euro 5 Fire Truck**

Product Description

Product Description of Fire Truck:

Lighting and Alarm Systems: Fire trucks are equipped with powerful lights and sirens for illumination in dark or low-visibility conditions and to alert other vehicles and pedestrians.

Rugged Body Structure: The body of a fire truck is made from durable materials that protect the crew and equipment in complex rescue environments.

Emergency Drive Function: In the event of vehicle failure, some fire trucks have an emergency drive feature that ensures the vehicle can still operate during critical moments.

Strong Adaptability: The design of fire trucks takes into account different terrains and road conditions, giving them strong maneuverability and adaptability to perform rescue operations in a variety of complex environments.

Product Application of Fire Truck :

The use of cement pump trucks reflects the development direction of modern construction projects that pursue high efficiency, energy saving, environmental protection, and safety, and is of great significance to improving the overall construction level of the construction industry.

Efficient transportation: The cement pump truck can quickly and efficiently transport concrete to any location on the construction site, greatly improving construction efficiency.

Reduce losses: The pump truck reduces the leakage and waste of concrete during the transportation process. Compared with traditional transportation methods, it can better ensure the saving of materials.

Product Features of Fire Truck:

| | |
|------------------------------------|---|
| Product Name | Fire Truck 6X4 8X4 |
| Wheelbase | 3800mm |
| Vehicle Curb Weight | 5130kg |
| Water Tank Capacity | 7Curb(L) |
| Fire Monitor/Pump Model | Type 30 Fire Water Monitor |
| Water Diversion Method | Circulating Water Diversion |
| Installation | Rear Mounted |
| Colour | As customer's request |
| Chassis Weights | 11995kg |
| Provide After-sales Service | Video technical support, online support |
