

Multi-Functional Euro 3-euro 6 Fire Truck With Powerful Functions For Any Situation

Our Product Introduction

Basic Information

- Place of Origin: China, Henan
- Model Number: Fire Truck
- Minimum Order Quantity: 1
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20 work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Color: Red
- Drive Mode: 6x4 8x4
- Drive Type: Left Hand Drive OR LHD
- Range: Water ≥ 55 (m)
- Equipment Storage: Multiple Compartments
- Emission Standard: Euro3-euro6
- Weight: 8400kg
- Engine Type: Diesel
- Highlight: **Powerful Functions Fire Truck,
Multi-Functional Fire Truck, Euro 6 Fire Truck**

Product Description

Product Description of Fire Truck:

GPS Tracking: Fire trucks are usually equipped with GPS systems that help firefighters quickly locate the site of an incident and plan the best route.

Powerful Lighting Equipment: Fire trucks are fitted with powerful lighting devices that provide ample illumination in dark or low-light environments, facilitating rescue operations.

Personal Protective Equipment: Fire trucks carry personal protective gear for firefighters, such as fire-resistant suits and breathing apparatus, ensuring safety in hazardous environments.

Gas Detectors: Fire trucks may be equipped with gas detectors for identifying harmful gases like carbon monoxide or hydrogen cyanide, protecting both firefighters and victims.

High-Quality Materials: Fire trucks are made from high-quality, wear-resistant materials to maintain performance under harsh working conditions.

Remote Operation: Certain functions of some fire trucks can be operated remotely, such as remote-controlled water cannons, improving the safety and efficiency of operations.

Product Application of Fire Truck :

The use of cement pump trucks reflects the development direction of modern construction projects that pursue high efficiency, energy saving, environmental protection, and safety, and is of great significance to improving the overall construction level of the construction industry.

Efficient transportation: The cement pump truck can quickly and efficiently transport concrete to any location on the construction site, greatly improving construction efficiency.

Reduce losses: The pump truck reduces the leakage and waste of concrete during the transportation process. Compared with traditional transportation methods, it can better ensure the saving of materials.

Product Features of Fire Truck:

Product Name	Fire Truck 6X4 8X4
Wheelbase	3800mm
Vehicle Curb Weight	5130kg
Water Tank Capacity	7Curb(L)
Fire Monitor/Pump Model	Type 30 Fire Water Monitor
Water Diversion Method	Circulating Water Diversion
Installation	Rear Mounted
Colour	As customer's request
Chassis Weights	11995kg
Provide After-sales Service	Video technical support, online support

▲ The values in the configuration table are subjected to change. The data in the configuration table are for reference only. Mix and matching some configurations may not be technically possible, please contact your local sales representative to help you choose the right specifications for your needs.
