Product Description

Product Description of Fire Truck:

Structural Strength: Fire trucks typically have a robust frame and body to withstand heavy loads and impacts under extreme conditions.

Versatility: Fire trucks are equipped with a variety of tools and equipment, such as water cannons, foam guns, dry chemical extinguishers, ladders, winches, and more, to address different rescue needs.

Cab Design: The cab is usually spacious to accommodate the driver and multiple firefighters, and is equipped with emergency response features like sirens, lights, and communication systems.

Water Tank and Pump System: Fire trucks come with large water tanks and high-capacity pumps to deliver a significant amount of water in a short time for fire suppression.

Emergency Access: The design of the vehicle takes into account the need for maneuverability and access in emergency situations, ensuring good mobility and passability.

Product Application of Fire Truck :

The use of cement pump trucks reflects the development direction of modern construction projects that pursue high efficiency, energy saving, environmental protection, and safety, and is of great significance to improving the overall construction level of the construction industry.

Efficient transportation: The cement pump truck can quickly and efficiently transport concrete to any location on the construction site, greatly improving construction efficiency.

Reduce losses: The pump truck reduces the leakage and waste of concrete during the transportation process. Compared with traditional transportation methods, it can better ensure the saving of materials.

Product Features of Fire Truck:

| | |
|------------------------------------|---|
| Product Name | Fire Truck 6X4 8X4 |
| Wheelbase | 3800mm |
| Vehicle Curb Weight | 5130kg |
| Water Tank Capacity | 7Curb(L) |
| Fire Monitor/Pump Model | Type 30 Fire Water Monitor |
| Water Diversion Method | Circulating Water Diversion |
| Installation | Rear Mounted |
| Colour | As customer's request |
| Chassis Weights | 11995kg |
| Provide After-sales Service | Video technical support, online support |
