

Euro 3- Euro 5 Fire Truck With Large Water Tank For Fire Fighting

Basic Information

- Place of Origin: China, Henan
- Model Number: Fire Truck
- Minimum Order Quantity: 1
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20 work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Color: Red
- Drive Mode: 6x4 8x4
- Drive Type: Left Hand Drive OR LHD
- Range: Water ≥ 55 (m)
- Equipment Storage: Multiple Compartments
- Emission Standard: Euro3-euro6
- Weight: 8400kg
- Engine Type: Diesel
- Highlight: Large Water Tank Fire Truck, Euro 5 Fire Truck, Euro 3 Fire Truck

Product Description

Product Description of Fire Truck:

Advanced Navigation Systems: Many fire trucks are equipped with sophisticated GPS and navigation systems to help firefighters reach the scene of an incident quickly and accurately.

Multiple Drive Systems: Some fire trucks may have all-wheel or four-wheel drive systems to improve traction and stability in various terrains and adverse weather conditions.

Remote Operation: Certain fire truck water cannons and foam guns can be operated remotely, enhancing the safety and efficiency of the operator.

Night Vision Capabilities: To operate in darkness or low-visibility environments, some fire trucks may be equipped with night vision cameras.

Electrical Systems: Fire trucks typically have robust electrical systems to support a large amount of electrical equipment and tools.

Heat and Chemical-Resistant Materials: The interiors and certain components of the vehicle may be made from heat and chemical-resistant materials to protect the vehicle from damage in extreme conditions.

Product Application of Fire Truck :

The use of cement pump trucks reflects the development direction of modern construction projects that pursue high efficiency, energy saving, environmental protection, and safety, and is of great significance to improving the overall construction level of the construction industry.

Efficient transportation: The cement pump truck can quickly and efficiently transport concrete to any location on the construction site, greatly improving construction efficiency.

Reduce losses: The pump truck reduces the leakage and waste of concrete during the transportation process. Compared with traditional transportation methods, it can better ensure the saving of materials.

Product Features of Fire Truck:

Product Name	Fire Truck 6X4 8X4
Wheelbase	3800mm
Vehicle Curb Weight	5130kg
Water Tank Capacity	7Curb(L)
Fire Monitor/Pump Model	Type 30 Fire Water Monitor
Water Diversion Method	Circulating Water Diversion
Installation	Rear Mounted
Colour	As customer's request
Chassis Weights	11995kg
Provide After-sales Service	Video technical support, online support
