

High-Efficiency Fire Pump And Hose Reel Equipped Fire Truck For Quick Deployment

Our Product Introduction

Basic Information

- Place of Origin: China, Henan
- Model Number: Fire Truck
- Minimum Order Quantity: 1
- Price: \$38,000.00/units ≥ 1 units
- Delivery Time: 10-20 work days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: ≥ 100 units

Product Specification

- Color: Red
- Drive Mode: 6x4 8x4
- Drive Type: Left Hand Drive OR LHD
- Range: Water ≥ 55 (m)
- Equipment Storage: Multiple Compartments
- Emission Standard: Euro3-euro6
- Weight: 8400kg
- Engine Type: Diesel
- Highlight: **Hose Reel Equipped Fire Truck,
Quick Deployment Fire Truck,
High Efficiency Fire Truck**

Product Description

Product Description of Fire Truck:

Demolition Tools: Fire trucks are equipped with demolition tools such as hydraulic shears and spreaders.

Fire Command System: Some fire trucks are equipped with a fire command system for on-site command.

Firefighting Robots: Some fire trucks carry firefighting robots for entering dangerous areas instead of firefighters.

Anti-Corrosion Treatment: Fire trucks undergo anti-corrosion treatment to extend their lifespan.

Vehicle Paint: Fire trucks are painted in a bright red color for easy identification.

Onboard Power Supply: Fire trucks have an onboard power supply for various equipment.

Fire Axe: Fire trucks are equipped with axes for breaking through obstacles.

Fire Hook: Fire trucks are equipped with hooks for grappling items.

Product Application of Fire Truck :

The use of cement pump trucks reflects the development direction of modern construction projects that pursue high efficiency, energy saving, environmental protection, and safety, and is of great significance to improving the overall construction level of the construction industry.

Efficient transportation: The cement pump truck can quickly and efficiently transport concrete to any location on the construction site, greatly improving construction efficiency.

Reduce losses: The pump truck reduces the leakage and waste of concrete during the transportation process. Compared with traditional transportation methods, it can better ensure the saving of materials.

Product Features of Fire Truck:

Product Name	Fire Truck 6X4 8X4
Wheelbase	3800mm
Vehicle Curb Weight	5130kg
Water Tank Capacity	7Curb(L)
Fire Monitor/Pump Model	Type 30 Fire Water Monitor
Water Diversion Method	Circulating Water Diversion
Installation	Rear Mounted
Colour	As customer's request
Chassis Weights	11995kg
Provide After-sales Service	Video technical support, online support

▲ The values in the configuration table are subjected to change. The data in the configuration table are for reference only. Mix and matching some configurations may not be technically possible, please contact your local sales representative to help you choose the right specifications for your needs.
